

Mr. Vivien MASSOT

Brief bio

Vivien is a Senior Economic expert working for TAC ECONOMICS since 2009, he is also the Managing Director of TAC ECONOMICS' wholly-owned subsidiary in India. His main responsibilities include:

- Economic and financial analyses on emerging markets: specific-country analysis to assess risks to macroeconomic stability; in-depth studies on regional and/or transversal topics (e.g. debt and finance, energy, political challenges).
- International trade and investment analyses.
- Knowledge management (screening and compiling economic research papers, monitoring of up to date economic and financial news on large number of developed and emerging economies) to provide macroeconomic inputs in TAC ECONOMICS' research studies.
- Management of administration, finance of the company in India, and of a team of three local experts.

In his previous position at the Embassy of France in India, Vivien was in charge of the economic follow-up of India and South Asian countries (growth, monetary and budgetary policies, etc.) and of development issues in relations with the World Bank and IMF. After a BA in Accounting and Finance, Vivien has obtained his Master's Degree in Economic Theory and Econometrics from Toulouse School of Economics, followed by the Third Year teachings of ENSAE ParisTech, with a specialization in Forecasting and Economic Policy. In addition, Vivien has been nominated French Trade Advisor in March 2018 to share international business experiences with both public and private entities.
