IFCCI : Healthcare Committee Site-Visit, Saifee Hospital

The Indo-French of Commerce and Industry in collaboration with the Healthcare Committee organized an interesting visit to the Saifee Hospital on Tuesday, 7th of May 2019.

The prime objective of this visit was to connect the Healthcare Committee with the honoured doctors and experts of Saifee, while initiating a substantial discussion in the paediatric department. The panel included some of the most appreciated members of IFCCI from the healthcare committee who engaged in an insightful conversation. It was our privilege to witness such an interesting meet where the social issues such as eradication of malnutrition, formulation of pharma products into worthy cosmetics and the efficient use of the finest technology uplifting medical standards were highlighted. Above all, was their dedication and love towards this noble profession, serving humanity and keeping their promise to deliver quality product promotion.

IFCCI is immensely grateful to this Charitable Trust and its staff for hosting us and adding great meaning and benefit to the healthcare sector. It was an absolute learning experience assisted by a panel of around 10 experts and the IFCCI members.

We also express our heartfelt gratitude to Sir Georges Jabre and Saifee Hospital for their kind support and participation.
